Leadership Message

At the Basildon Academies, we know that some students may find aspects of school challenging; whether it's managing emotions, building relationships, or staying engaged in learning. Our Enhanced Provision is designed to provide the right support for students who need a different approach to thrive.

Our provisions are not only about academic learning but they focus on developing key emotional and social skills that help children succeed in education and beyond. Our work is guided by the 6 Core Strengths Programme, which form the foundation of resilience, confidence, and emotional well-being by covering:

- Attachment Strong relationships with trusted adults help children feel safe and supported.
- Regulation Learning how to manage emotions and respond calmly to challenges.
- Affiliation Building a sense of belonging through positive peer relationships.
- Awareness Developing an understanding of others' feelings, perspectives, and the impact of actions.
- Tolerance Learning to navigate differences and develop patience and empathy.
- Respect Encouraging positive choices and self-belief.

The Enhanced Provision provides small-group learning, structured emotional well-being support, and personalised strategies to help students feel more confident and engaged in their education.

V.Oddy - Director of Enhanced Provisions

There has been a heavy emphasis on the training and development of staff to support them in supporting students. Examples of this include extensive whole staff training in Trauma Perceptive Practice (TPP) and ensuring all key pastoral staff are mental health first aid trained to enable them to triage student need effectively.

Home Learning

If you have any queries regarding home learning, including access issues or, to celebrate the work your child has completed at home, please visit the <u>Contact Us</u> page via the Basildon Upper Academy website and select the option for General Enquiries.

Spotlight on: BTEC Level 3 Extended Certificate Computing

This course is aimed at those learners who are interested in an initial introduction to study the Computing sector at Level 3. The course will allow you to gain fundamental knowledge and skills in computing from which you can then progress to broader or more specialist study, although this may not necessarily be in the computing sector.

You will develop strong computer and problem-solving skills whilst undertaking this course.

The BTEC National Extended Certificate is equivalent to one A Level.

Full course information can be found by visiting the following link on our website: <u>BTEC Level 3 Computing</u>

Students Explore 'Adapt and Change' During Science Week

Last week, students at the Upper Academy celebrated British Science Week by engaging in a range of fascinating scientific experiments. These included investigating changes of state—from solid to liquid to gas—while exploring the event's theme, 'Adapt and Change.' Students also conducted practical experiments, such as reacting an acid with an alkali to form a neutral solution and creating solid salt crystals. Throughout the week, all students had the opportunity to apply their practical skills and scientific knowledge in hands-on activities related to the British Science Week theme.

BA Esports Triumph in British Esports Student Champs

Our Year 13 BA Esports team celebrated a fantastic victory this week in the British Esports Student Champs, showcasing their teamwork and problem-solving skills.

Competing in the League of Legends Open Division 1 Round Robin, our team faced off against KE6V Arclight, a rival team from another college. The Best of 1 series was an intense match, but our students remained focused and coordinated, securing a well-earned win.

The British Esports Student Champs matches take place after school on Wednesdays, providing students with the opportunity to engage in competitive gaming while developing valuable skills such as communication, strategy, and collaboration. This latest victory strengthens our team's position as they head towards the playoffs.

Important Information for Year 10 Work Experience Selections

The deadline for Year 10 students to make their work experience selections—if they have not yet secured their own placement or chosen through the BEP Webview platform—is **Friday 21**st **March**.

To have the best chance of securing one of their selected placements, students must choose six options and be prepared to attend any of them. Students should note that other schools are also accessing the BEP Webview platform for the same dates, meaning some placements will be in the Redbridge and Waltham Forest areas. While students can select any placement, they must ensure they can travel to the location. A pop-up message will prompt them to check the postcode and journey before confirming each selection. They can also narrow their search by area on the system.

You can access the BEP Portal here: Veryan Webview - Student Log In

For detailed instructions on using the BEP Webview platform and making selections, please refer to the Student Guide: BEP Student Guide

Parent Drop In - Tuesday 18th March

This week's Parent Drop In will be on Tuesday 18th March between 9.30am and 10.30am.

There will be no need to book an appointment, just sign in at reception and staff will be happy to show you to the venue.

This session will be led by our Assistant Headteacher – Attendance Champion, who will be available to discuss any attendance-related concerns and answer your questions.

Absence Procedures

To report a student absence please visit the Contact Us page via the Basildon Upper Academy website and select the option for Attendance.

- Parents/carers must contact the school by 8.30am each day their child is absent.
- If no reason has been received for a child's absence, the Academy will initiate first day calling.
- Parent/carers may be asked for medical evidence to support absences after 3 days or reoccurring absence patterns.
- Wherever possible, parents/carers should make appointments outside of school hours. If this is unavoidable students should attend school before and after the appointment.

Please familiarise yourself with our attendance procedures found on the school website within the Parent Information section, so you know who and when you need to contact us. www.basildonupperacademy.org.uk/attendance

Red Nose Day Cake & Biscuit Sale Friday 21st March

The Dining Hall will be selling a selection of cakes & biscuits on Friday 21st March.

Each item will be priced at 50p with all proceeds going to Comic Relief.

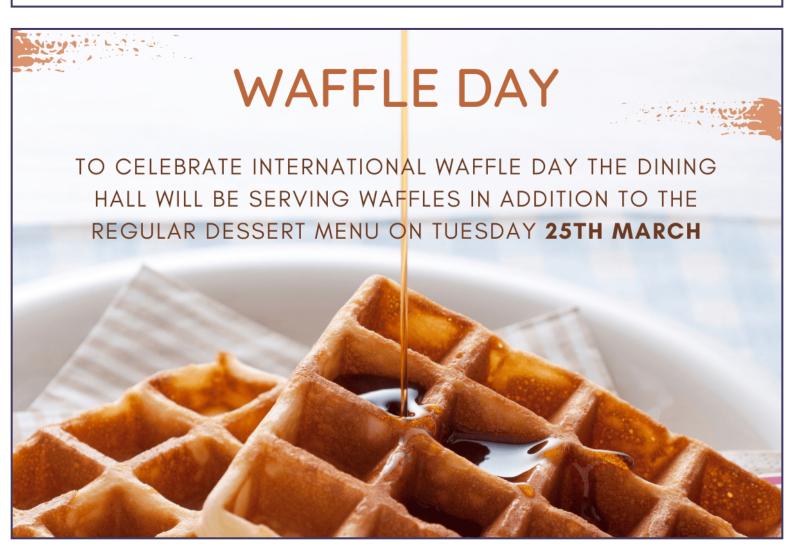

As staff have felt empowered and confident to come forward with their own ideas new developments have flourished. A great example of this is the school play currently taking place which is the first for many years and has been a great opportunity for students and the school to showcase their talents to their school community and the wider community.
